Welcome Message

On behalf of the organizing committee, we welcome you to the 4th National Conference on Multidisciplinary Design, Analysis and Optimization (4th NCMDAO) held online from October 7-9, 2021.

This conference is the 4th in the series of NCMDAO and happens at IIT Madras this year. While there are many downsides to a virtual conference, it permits low carbon footprint, reduced registration fee and access to anyone from anywhere, who is interested in the conference. Therefore, though many of us will miss meeting colleagues and friends in person, there are certainly positive aspects of holding 4th NCMDAO online.

The 4th NCMDAO will feature 70 paper presentations, 8 poster presentations, two masterclass, two impact talks, two keynotes, 3 invited talks and 3 sponsor talks. The student design competition in an addition to this conference. Since participants might not be able to take off the whole day to attend the conference, in the given WFH scenario, the conference time was chosen to be 3-9PM. This timing enabled inviting speakers from other countries as well.

The conference platform will provide a seamless conference experience. The participants will undoubtedly have a near-offline conference experience with the virtual backdrops consisting of lobby, lounge, auditorium and sponsor booths. All registered participants will be provided with login credentials to access the conference platform. We have 6 sessions with 4 parallel tracks in each session. Each paper presentation will be for 15 minutes including Q&A. Participants are strongly encouraged to familiarize themselves with the virtual conference platform and other online features. We will email a set of training videos to all the participants.

We hope that you will enjoy the 4th NCMDAO and do not hesitate to contact us if you have any questions, comments or suggestions.

Wishing you a very productive conference!

The core organizing committee

- Abdus Samad, R. K. Amit, Palaniappan Ramu, P. Pradeep Pratapa, Ramanathan Muthuganapathy, Ratna Kumar Annabattula, Saravana Kumar G, Sayan Gupta and Sourav Rakshit
